

Laurel Cup

The laurel wreath, a symbol of triumph since the ancient Greeks, receives a new interpretation. The cut glass wreath that encircles the ellipse is contemporary yet timeless. This expression of greatness is mouth-blown and hand-cut by highly skilled European artisans and is a prized possession for sure.

A romance card elaborating this theme is included for your presentation. Another J.Charles Theme-Award original. Please note that the nature of mouth-blown hollowware often produces bubbles and other imperfections and are not considered defects.

Star Cup II

Super tall. Super splashy! There's nothing humble about our Star Cup II. So for those who refuse to brag, do it for them. This prize begins with a one-of-a-kind star shaped base and ends more than a foot later reaching for the stars.
