

Museum Bowl

Add a designer touch to your presentation with our eye-catching *Museum Bowl*. This very clean design is accentuated by your award inscription that floats as it encircles the perimeter. One can't help but notice how the wraparound type creates an element that works in harmony with the circular bowl. Designed by J.Charles, this piece is handblown and hand-cut exclusively for us. Please note that the nature of mouth-blown hollowware often produces bubbles and other imperfections and are not considered defects.
