

Veritas

Wine aficionados have long known that decanting wines is the best way to expedite the aeration process, thus enhancing the bouquet and taste. Our *Veritas Decanter* features a wide bottom for faster aeration and an elliptical mouth for drip-free pouring. Also included is a wine funnel for catching sediment that insures older wines will not be tainted. Superbly mouth-blown, we recommend hand-washing of this quality piece.

Essence

The *Essence Wine Decanter* is a beautiful exercise in form and function. Its refined shape is complimented by the presence of a punt within the base that allows for ease of pouring, faster aeration and isolating sediment. Also included is a wine funnel for catching sediment that insures older wines won't be tainted. Imported from Europe and made of machine blown, lead-free glass.
